

**Somewhere over the rainbow is one of our favorite tropical destinations
CURACAO**

What a great way to spend a week in winter. Rain is rare on this desert island, and if it does rain... you get the most amazing rainbows in the world. There's plenty to do on Curacao...great shopping, wonderful restaurants, incredible diving and snorkeling, and beautiful white sandy beaches for relaxing and doing nothing at all.

January 28 – February 4, 2012, air from Denver, 7 nights at Breezes resort on the beach, all meals and drinks, taxes and airport transfers.... Just \$1788. per person.

If January doesn't work for you, let me know when will and we'll see what kind of price we get. How about Spring Break?

The picturesque town on the waterfront.
